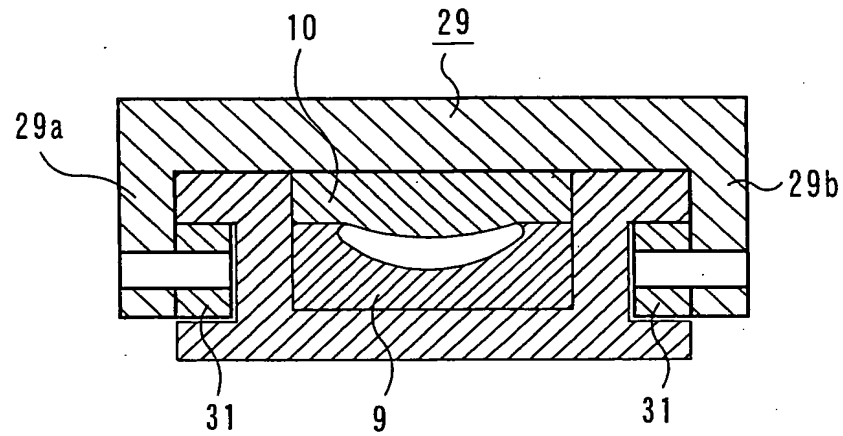

Figure 1 consists of three cross-sectional views, (A), (B), and (C), of a multi-layered structure. The structure has a central core 10 and is surrounded by multiple layers. In view (A), the layers are labeled 32, 32a, 33, 33a, and 34. The core 10 is shown with internal dashed lines. In view (B), the layers are labeled 32, 34, and 33. In view (C), the layers are labeled 32, 33, and 34. The structure is shown in a cross-sectional view, with dashed lines indicating internal features or interfaces.
